SUPERVISORS HOLD REGULAR MEETING

The Board of Supervisors met in
adjourned session Monday, March
9th, there being present Wm. H.
Brown presiding, James T. Casey,
John MacBain, Jos. M. Francis and
D. E. Blackburn.

The following bids were received
for constructing a concrete
bridge and retaining wall on the
Summit springs road at Woodside
near Tripp's store:

H. D. MacLean, \$889.
F. Murer, \$1044.
H. B. Morey, \$996.
Tieslau Bros., \$1092.
I. Scott, \$854.

On motion of MacBain, seconded
by Blackburn, the contract was
awarded to Scott, he being the
lowest bidder.

District Attorney Swart present-
ed a petition, signed by the Spiv-
alo estate and others, asking the
board to appoint viewers to view
and lay out a new right of way
in the road leading from Belmont
to the Spring Valley lake, said new
right of way starting near Reid's
school and ending at the County
Farm property.

The petition was accepted on mo-
tion of Blackburn, seconded by
MacBain, and the chairman appoint-
ed as viewers, George O. Russell
and B. F. Yount, who will act with
the surveyor in laying out the road.

The District Attorney presented
a deed from Frank J. Haaker and
others, granting to the county an
easement through a portion of the
Haaker property near Woodside for
road purposes, the consideration
being \$300. The deed was accepted
on motion of MacBain, seconded by
Blackburn.

A communication was received
from W. H. Coffinberry, represent-
ing the South San Francisco Land
and Improvement Company, offer-
ing the county the free use of
such quantities of earth as may be
necessary to make the fill in the
proposed road between San Bruno
and South San Francisco.

The communication was accepted
and ordered filed.

The following bids were received
for constructing the new road from
San Bruno to South San Francis-
co:

Blanchard-Brown Company—Spec-
ification No. 1, \$64,987.94; specifi-
cation No. 4, \$61,098.65.
Raisch Improvement Company—
Specification 1, \$71,242.86.

pany—Specification 3, \$82,549.

cation 1, \$77,184.36; specification
4, \$75,271.21.

Ransome-Crummy Company—
Specification 2, \$80,549.50; specifi-
cation 3, \$80,338.90.

After a consultation with the
Advisory Committee, the contract
was awarded to the Blanchard-
Brown Company at \$64,987.94.

Their estimate on specification No.
1, which calls for a concrete base
of five inches with an asphalt wear-
ing surface of one and one-half
inches.

A communication was received
from the California Tourist Associa-
tion, asking for an official record
of the board's action at the last
meeting at which the association
was granted an appropriation of
\$1200. The matter was referred to
the clerk for an answer.

Casey was granted permission to
purchase 200 feet of 12-inch culvert
pipe on motion of Francis, seconded
by Blackburn.

On motion of Blackburn, seconded
by Francis, the surveyor was di-
rected to prepare plans and speci-
fications for a concrete bridge in
the First district, on the road back
of the cemeteries.

W. B. Benoist addressed the
board, asking that the printing of
the delinquent tax list this year be
awarded to the lowest bidder, that
being the most economical plan to
pursue.

On motion of Francis, seconded
by Blackburn, the matter was laid
over until the next meeting.

The Surveyor presented plans and
specifications for the following
roads:

The Belmont road, from Belmont
to Reid's school. Same road from
County Farm to Spring Valley
lake. The road from Redwood City
to Woodside and a portion of the
Selby lane at Atherton. All of
which specifications were adopted
and the clerk was directed to ad-
vertise for bids for building same,
bids to be opened March 30th.

Percy L. Walker of the Califor-
nia Automobile Association address-
ed the board, asking that a dele-
gate be sent to the convention to be
held at Los Angeles on Saturday
of this week, at which action will
be taken to promote the sale of the
State Highway bonds, the object being
to complete the highway from San
Francisco to Los Angeles. F. L. Han-
son of the association also address-
ed the board on the same subject.

The chairman stated that San
Mateo county had done its share
toward purchasing the bonds, but
the board would be willing to give
its support to the movement as
outlined by the speakers.

The following claims were order-
ed paid:

Wm. A. Price, General fund,
\$10.
C. C. Christiansen, General fund,
bridge work, \$1518.

F. A. Haaker, right of way, Gen-
eral fund, \$300.

MacBain stated that succeed-
ing grand juries having recommend-
ed the erection of a new jail close
to the courthouse, the board should
take action. He moved that the
clerk advertise for bids for a site
such as is described in an abstract
in possession of the board. The
motion was seconded by Blackburn,
and carried, all of the members
voting in the affirmative.

On motion of Blackburn, second-
ed by MacBain, Chairman Brown
was delegated to attend the Los
Angeles convention this week with-
out expense to the county.

COUNCIL HOLDS BRIEF

Chairman Merrill and Trustees
Deleau and Sampson were the only
members of the board present at
the adjourned meeting of the city
council Tuesday evening. The great-
er portion of the session, which was
a rather brief one, was devoted to
an informal discussion of general
specifications for street work, with
a view to thorough preparation for
the improvements to be made in the
near future.

Formal action was taken order-
ing a number of corrections in the
description of assessments against
property made on account of side-
walk and curb construction under
the contract of T. C. Rice, in or-
der to make the cost a proper
charge against the present owners
of the property.

A communication from the Red-
wood City Woman's Club tendered
the co-operation of that organiza-
tion in a clean-up campaign for the
city. As it is not the design of
the council to undertake the move-
ment until a later date, the com-
munication was filed for future
consideration.

A formal resolution was adopted
declaring the intention of the coun-
cil to order the construction of
main sewers on Redwood avenue,
Ebener street, Woodrow street, Da-
vis street, Blaine street, Cleve-
land street and Jefferson avenue.

A small house in the Gray tract
was burned Sunday evening. The
house was the property of Peter
Clark and occupied by a man nam-
ed Kirk. The fire is supposed to
have been caused by an overturned
coal oil stove. There was no in-
surance.

All kinds of fancy linens, doilies,

PIONEER COUNTY EDUCATOR CALLED TO ETERNAL REST

SAN MATEO, March 11—Monday
morning at 5:30 o'clock John Cle-
ment Nash passed away at his
home in Hayward Park, San Mateo,
after an illness of several weeks.
Death was due to complications re-
sulting from old age.

Mr. Nash was one of the pioneer
educators of San Mateo county,
having taught at San Bruno and on
the coast side for about a quarter
of a century. He was a member
of the first board of education of
the county, which position he held
for twenty years. He was a candi-
date for superintendent of schools
in 1872. Among his early pupils
were W. B. Lawrence, Supervisor
James T. Casey, Thomas E. Byrnes,
W. W. Casey and many other old
residents. After retiring he came
to San Mateo and lived here with
his family for twelve years.

He was a man of genial dispo-
sition and enjoyed a wide circle of
friends. He was well educated and
widely known as a clever conversa-
tionist.

Mr. Nash was born in Ireland
76 years ago, coming to California
when a young man. He crossed
the Isthmus of Panama in 1853 and
on arriving in California became a
student at St. Mary's College. After
graduating from that institution
he took a course in a French
college in Honolulu.

He is survived by a widow and
three sons, Clement J. Nash
of Maricopa, County Clerk Joseph
H. Nash of Redwood City and Frank
J. Nash of San Mateo, and one
daughter, Mrs. Alden Stevenson of
San Francisco.

The funeral was held from St.
Matthew's Catholic church in San
Mateo at 10 o'clock this morning
with interment at St. John's cem-
etery. A wide circle of family
friends extend sympathy to the
bereaved ones.

Marshal Jas. P. Coleman on Sun-
day, arrested Ernest Graves of the
Cook's Oil Company of San
Jose for allowing oil to drip on
the pavement from his automobile.
Graves paid a fine of \$10 Monday
in Recorder Hannon's court.

The Ladies Aid Society of the
Methodist church, will be pleased
to receive orders for plain sewing.
For further particulars see Mrs.
M. B. Young at the parsonage.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

ORIENTALS IN CALIFORNIA.

The candidacy of Samuel M. Shortridge for the United States Senate, with the seeming certainty that he will be the choice of the Republicans at the primaries in August, give a timely interest to many of his past declarations on matters of public policy. His attitude with respect to the tariff and his faith in the Constitution are well known, and on another question of great importance to California, namely, that of Oriental labor, he has expressed himself in no uncertain terms.

As far back as 1901, following the Anti-Chinese convention held at San Francisco, Shortridge gave what is, perhaps, the most convincing exposition of the logic of California's attitude with respect to this question that has ever been set forth. Had he been in the Senate a year ago, when President Wilson sent his Secretary of State to plead with the legislators at Sacramento, the people of the East would have heard reasons for this State's objection to Oriental residents that would have greatly altered public opinion there. As the question of Asiatic labor is still an important one in California, and, as indicated by dispatches from Tokyo, likely to remain so, some of Shortridge's arguments are worth reproducing. Speaking temperately but firmly, he asked American statesmen to cast their eyes ahead, not to consider the present alone. The invasion of cheap Oriental labor, he declared, would be fought with far greater evil to our people than followed the introduction of negro slavery into the country. He continued:

"Negro slavery is gone; it caused untold loss of treasure; it came high wrecking the great hope of mankind. But it is gone; it is dead. But the negro remains, and the great perplexing problem of two radically different people living together on the same soil remains, remains and will forever remain to tax our patience, our philanthropy, our patriotism, our very belief in the ultimate designs of Providence."

"Would to God that negro slavery had never been introduced into this country. Cheap labor, cheap labor, to pick the cotton; cheap labor, cheap labor, to develop the South. That was the argument. Better had it been if the cotton never had been planted. Better, ten thousand times better had it been if Eli Whitney had never been born. We do not upbraid the fathers. They could not foresee. But will prosperity, will God hold us guiltless, if we plant dragons' teeth—if we transmit a heritage of strife and blood?"

"Cheap labor, cheap labor. We do not want cheap labor. We want well-paid labor. We want intelligent, patriotic, contented labor. We want no antagonistic races; we want no hostile classes; we want no castes; we want no aliens incapable of republican government. We want an intelligent, self-respecting, prosperous and loyal American citizenship which shall guide this Nation onward and upward, and make of this Republic the grandest and greatest brotherhood the world has ever seen. Abraham Lincoln reminded his countrymen that a 'house divided against itself cannot stand.' Our house is now united; let it not be again divided."

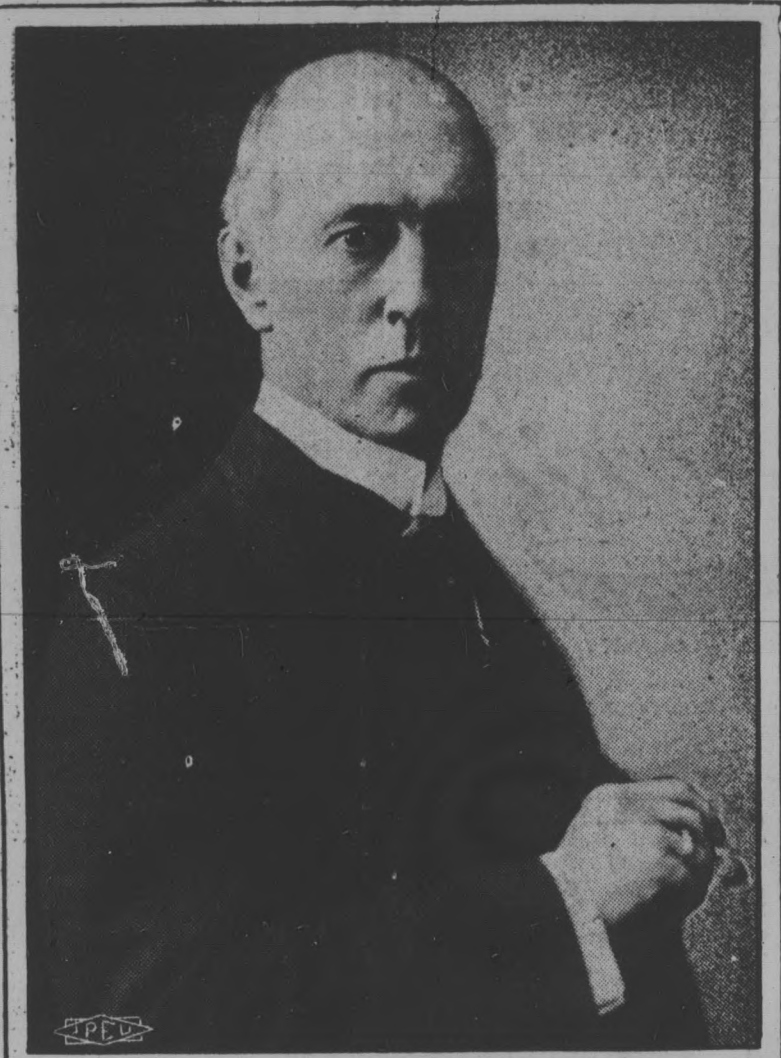

Shortridge's comparison of the unfortunate conditions arising from radical dissimilarity in the southern states and what might be expected to happen with a large Asiatic population on the Pacific Coast, is not far fetched. Apart from the untold economic conditions which would follow, there is to be considered the matter of national integrity. We certainly should not be adding to our strength by introducing into the country a people alien to our law, our religion, our traditions, our ideals and our national convictions.

Postmaster General Burleson in his report made on the first of the year, announces that all presidential postmasters appointed by the preceding administration would be permitted to serve out their terms and that no removals, except for improper conduct or incapacity, would be made. This policy has been scrupulously adhered to by the administration and has the effect of preventing even a slight disturbance of the postal organization.

The appointment of successors to those postmasters whose commissions have expired from time to time has proceeded in an orderly manner and the department has not been embarrassed by the occurrence of any number of vacancies too great to be filled promptly with competent and approved candidates.

A concurrent announcement declared that the department would require every postmaster to give to the conduct of his office his individual attention for eight hours daily. This requirement has been rigidly enforced. No person is permitted to enjoy the emoluments of a postmastership on any consideration other than the personal performance of full and satisfactory official service.

The most careful examination has been made of the fitness of all candidates for postmasterships and appointments have not been made until the department was convinced of the integrity of the appointees selected and of their capacity for efficient service.

Samuel M. Shortridge

TROUT SEASON APRIL 1: GOOD SPORT ANTICIPATED

The open season for trout commences April 1st, and the attention of the sportsmen is called to certain provisions of the law. Any person who takes, catches or kills any salmon at any time in any stream, river, creek or lagoon in fish and game district No. 5, except with hook or line in the manner known as angling, is guilty of a misdemeanor.

It is also a misdemeanor to buy, sell, take, or catch, kill or have in possession any variety of trout except steelhead between October 31 and April, or at any time take catch or kill any trout except with hook and line in the manner known as angling, or to at any time take, catch or kill or have in possession during any one calendar day more than fifty trout or fish weighing ten pounds and one fish, other than steelhead trout. Steelhead trout can be caught between October 31 and January 1, but during the months of January, February and March, no trout may be caught. An angler's license must be secured from the county clerk by every person over 15 years of age, who desires to fish the streams of the county.

It is expected that the local season will be one of keen sport as the streams of this county are said to be running high in trout and other game fish.

LOCAL ODD FELLOWS LODGE ENTERTAINS GRAND MASTER

The meeting of Bay View Lodge of Odd Fellows last Wednesday evening was an occasion of special interest to the members of that Order and called forth an attendance which tested the capacity of their capacious hall. Besides a very large attendance of the members of Bay View Lodge, considerable delegations of members of the lodges of San Mateo, Palo Alto and Mayfield were present, the special occasion being a reception to the Grand Master of the California Jurisdiction, Hon. T. H. Selva, of Eureka. As a portion of the business of the evening the initiation degree of the order was conferred by the officers of the Lodge. Following this the members and their guests were entertained with an eloquent and instructive address by the Grand Master, who is an orator of more than usual ability.

After the close of the session the members of Bay View Lodge entertained their guests at a sumptuous banquet, set in the splendidly appointed new banquet room of the hall, where about 100 members of the Order were seated at the tastefully decorated tables. After a splendidly arranged and well served menu had been disposed of, an hour was devoted to interesting talks to the visitors. Judge H. W. Lampkin presided at the after-dinner ceremonies, pleasantly introducing the speakers, a number of whom gave interesting reminiscences of the early workings of Odd Fellowship in this State. Before dismissing the gathering, Judge Lampkin announced that Bay View Lodge would observe the anniversary of the founding of the order with a picnic on April 25th, at Fernbrook Park.

Oldtime Resident Dead.

J. W. Ellsworth, a former resident of this community, died at the county hospital at San Bernardino on Tuesday, penniless. He left here about ten years ago after selling his beautiful home on Selby lane, to the late Lyndal Gray. He deceased was a splendid entertainer and during his residence here gave many functions in which many of our people participated. Mr. Ellsworth was reputed to be very wealthy when here, having large investments in rubber plantations in South America, from which he derived a princely income. Many years ago he was a struggling Methodist minister in the southern part of California, when he was prevailed upon to buy a few hundred shares of stock in a rubber company. They went up to a big figure and made him wealthy. Mr. Ellsworth was founder of the Florence Crittenton homes in Los Angeles and San Francisco and founded also of many other institutions and movements of a charitable character in those cities. Ellsworth in a few years gave away a quarter of a million dollars in founding institutions for the wayward and homeless in San Francisco and Los Angeles, but was compelled to spend his last days a recipient of public alms and supported by the Masonic fraternity.

He was buried this week at San Bernardino, under Masonic auspices, under instructions from members of his family from whom he had become estranged. He was 81 years of age and a native of New York. Ellsworth some time ago wrote an autobiography of himself, which is in possession of Dr. C. C. Browning of Los Angeles, a personal friend. In this he stated that he believed he had come to want as a punishment for having deserted his work of helping the wayward and gone to trying to make money.

Important Local Progress.

It is understood that Chestnut street will shortly be completed to the factory sites on the bay shore. As this means a great deal to Redwood City, it has been suggested that the event should be fittingly observed by our citizens, by holding the day a festive holiday and observed in a manner that will long be remembered by the people. When the street is completed Redwood City will have a fine harbor that will be connected by rail and an ideal location for factory sites. From reliable source it is learned that many concerns have spoken for locations and that quite a few manufacturing plants have arranged to bring their establishments here. It has also been suggested that Samuel M. Shortridge be invited to speak at the celebration. This is a very wise suggestion, in view of the fact that Mr. Shortridge will most likely be the next United States Senator from California and being here to look over the situation will be in a position to advocate any appropriation measure that may be needed from the federal government for dredging and repairs in the harbor.

Popular Specials at the Bell.

Always alert to give his patrons the best that can be had for their money, manager Chas. E. Nathorst of the Bell Theater has secured a number of popular priced extra specials for the coming week. For this evening there will be five reels of pictures, one of which will be an unusually amusing Keystone comedy, and in addition to this there will be a cake baking contest for local people. For Sunday evening, an extra attraction, a popular San Francisco comedienne and monologist has been secured. The motion picture program will include five full reels, one of which will be a Keystone comedy. Notwithstanding the big extra attractions, the prices of admission on both these nights will be but 5 and 10 cents. For the remainder of the week programs with extra strong features are being arranged. In fact, it might be said that every night will be a special.

W. P. Glynn, who has been confined to a hospital in San Francisco for many weeks, returned home Wednesday, improved in health, but still very weak. His home coming was a source of great joy and happiness to his wife and little ones who had missed his loving care and affectionate greetings.

Mr. Payne, president of the Payne Bolt Works of San Francisco, has leased the Donohoe residence opposite the Catholic church and will move down from the city next week. The Paynes occupied the place last summer and were much pleased with Menlo Park and vicinity. They may purchase a home here this year.

A large audience greeted the interesting program prepared by the teachers of the Menlo Park school in dedicating the new building that was opened last week.

Professor Clark, the principal, began proceedings with a few remarks after which the song "Come to California" was sung for the first time in the state by the children. The song promises to be very popular during the coming year. Roy W. Cloud, superintendent of schools, delivered a very interesting talk in which he congratulated the people of Menlo Park for providing such a fine building for the education of their children. He paid a deserved tribute to the clerk of the board of trustees, James G. Mason, for his care and attention to the details of structure. Mr. Cloud also spoke highly of the builders, Weedon Brothers, for the way in which they carried out the plans. The superintendent spoke eloquently of the educational advantages of the young people living in this community—in the shadow of the great Stanford University. Professor Sears, connected with the educational department of Stanford, delivered a well-timed address on education. He was quite interesting and was closely followed by his hearers. Edward Lawlor read a set of resolutions prepared by professor Clark, commending the taxpayers for their liberality and the trustees for their unselfish devotion to their duty. The following statement was to have been read but was inadvertently omitted:

In the building and equipment fund before the fire that destroyed our school building, \$204,822 was received for insurance, \$11,000; from the special direct tax, \$7,500; for old junk, \$25. Making a total on hand for our building and equipment of \$18,728.62. The building of our new Menlo Park public school up to the present has cost as follows: D. E. O'Keefe, advertising for the special tax election and for bids on the building, \$18.05; Weedon Brothers, contract price, as per plans and specifications drawn by J. W. Doliver, architect, \$16,979; architect's fee, \$1,018.74; cleaning old brick, \$21.65; extra for having the entire exterior and part of the interior of the wood work sanded, \$240; running electric power wires under ground from the street to the building, \$45; plaster cast panels for the front of the building, \$200; electric light fixtures, \$152; miscellaneous extras, about \$50. Making a total expenditure of \$18,724.44; leaving a balance in the fund of \$5.18.

The Rev. Wm. P. Sullivan, one of the ablest and most popular preachers of California, delivered the Wednesday night conference this week at the Lutheran services at the Church of the Nativity, Menlo Park. His subject was, "The National Basis of Faith." He explained in religious circles today, faith is largely confounded with empirical knowledge or even with mere hope or confidence. Faith, whether in the ordinary affairs of life or in matters of religion. He defined to be the acceptance of any other or fact upon the word of another in religion. The truth of any doctrine is accepted because God has said it is so. How does anyone know that God spoke? Man is a rational being, endowed by God Himself with reason. Even God Himself therefore must satisfy man's reason that it is He Himself who has spoken. The speaker then went on to show it is a matter of history, that whenever God did make known any religious truths to man, He accompanied the revelation with certain signs or manifestations, such as miracles and prophecies, which made it clear beyond question to the reason of man that it was God himself who spoke. On such reasonable or natural basis all real faith rested. Friday evening there will be the way of the cross, Sunday evening a discourse on the third of the Beatitudes and on next Wednesday evening the Rev. John J. Harrington will deliver the conference. His subject will be, "The Christian Religion, not man-made."

The ladies of the St. Elizabeth's Sewing Society look pretty well satisfied with themselves these days. Then too, there is a certain air of "wait until you see" about everyone of them. And this is all about St. Patrick's Eve entertainment.

JAMES SCOTT CRONK IS LAID TO ETERNAL REST

The remains of James S. Cronk, formerly constable of the Third township for eight years, who died at the Soldiers' home near Los Angeles, last Sunday, arrived here Tuesday afternoon and were at once taken to the Redwood City Undertaking Parlors on Broadway. The funeral took place from there the following afternoon. Long before the hour set for the funeral service the parlors were crowded with sorrowing relatives and friends of the deceased. The beautiful services of the Methodist church were conducted by Pastor Young in an impressive manner. At Union Cemetery the services were under the auspices of Embarkadero Camp. Woodmen of the World, the impressive ritual service being read by Commander F. N. Harris. The deceased served in the U. S. Navy during the Spanish American war, and was honorably discharged. Mr. Cronk was 37 years old.

"Jim" Cronk, as he was known by his many friends, grew up, and lived in Redwood City until a few months ago when he was afflicted with eye trouble which rendered him almost totally blind. Through the efforts of friends he was sent to the Soldiers' Home, where it was hoped his sight might be restored. Cronk served with distinction in the navy during the Spanish American war.

He is survived by a widow, Mrs. Minnie Cronk, and three children, Bryant, Irene and Gladys, all of whom reside in this city. His mother, Mrs. Byers, lives in San Jose and a married sister, Mrs. Charles Nichols, is in San Francisco. His father, the late Samuel Cronk, was the owner of a livery stable here for many years.

Helen Keller at Palo Alto.

The Woman's Club of Palo Alto presents Helen Keller, Saturday evening, March 21, at 8:15 in the Armory.

Helen Keller, who is perhaps the most talked of woman in America today, comes to give her lecture entitled, "The Heart and the Hand," or "The Right Use of Our Senses." After one of her lectures someone asked her if she could tell whether her audience was large or not, and in her answer showed what remarkable use she makes of her own senses.

"Yes it was a large audience," she said. "I can tell by the vibration of many feet in motion, and then the air is dense and warm when there are many people in the room." "Can you tell if people are applauding you?" she was asked. "Yes," she replied, "by the vibration of the air."

"Oh, yes, they always are." And one wonders how anyone could help but be interested by this genius, a genius all the more strongly after one has listened to the story of her life as told in the lecture.

The lecture is one of the most remarkable human chronicles ever told, and those who have heard Miss Keller realize that there could be no stronger example of optimism and courage shown than in this triumph of one three-barred from the world. "Blindness," said Miss Keller, "is thought by those who don't know, to increase the power of other senses. That is not so. The habit of patience, the habit of compensation. The great obstacle still remains."

One can only realize the amount of Helen Keller's patience after seeing how she has made the outside world come to her and become a normal part of her life. Tickets will be 75 and 50 cents. All seats reserved. They may be secured by sending a check to Weinberger Drug Co., Palo Alto, or through Mrs. A. M. Porter, Redwood 244-R. Seats will be reserved as soon as asked for and tickets mailed to those desiring them.

The various committees have been extremely busy and very much in earnest and their aggressive president is on the move day and evening, here, there and everywhere. If Monday evening's affair, entertainment and the rest of it—and there is to be a rest of it, and good music too—if Monday evening's affair is not the biggest thing seen in Menlo Park in sometime, the ladies will want to know the reason why. Final reports have not yet come in. Sale of tickets in Redwood City, Menlo Park and Palo Alto is brisk and Palo Alto is to run an automobile service from Larkin's corner to the hall and back, on Monday evening, with a round trip fare of 35 cents. The tickets of admission to the show are 50 cents and are on sale in Menlo Park at Duff & Doyle's and M. E. Selzer's drug store, in Redwood City at Walsh's drug store, and in Palo Alto at The Regent. The floor committee has arranged to have the best of music on hand when the program of the entertainment is finished.

Major and Mrs. Philip Wales of Menlo Park announce the engagement of their daughter, Miss Geraldine Forbes, to Captain James Howell, United States Navy. Her fiancé is the son of Colonel and Mrs. Lanes Lane Howell, United States Army. He resigned from the navy a year ago and is following his profession as an engineer. He is one of the popular members of the Bohemian Club and was one of the eligible bachelors in the set over which Mrs. Eleanor Martin presides. The date of the wedding has not been fixed.

IF THE FIREMAN CANNOT SAVE
your house, store, office or factory from the flames, you can still face the situation without worry if you are insured.

THE FACE VALUE OF THE INSURANCE POLICY
we issue is represented by the sum necessary to replace everything the flames destroy. Prompt settlements, too, are a feature. Better stop in and order us to get one out for you.

GRAND OFFICERS VISIT METAMORA TRIBE.

Metamora Tribe, No. 24, Improved Order of Red Men, was honored Monday night by a visitation of Porter L. Bliss, grand chief of records; John Heron, grand junior saganore; and Ed. Levy, grand trustee. The grand officers were greeted by a large attendance of members of the local tribe, and the work of the order was gone through with in a manner which drew forth the praise of the guests. A bountiful banquet followed the close of the meeting, at which the grand officers delivered addresses to the tribesmen.

During the evening the monster class adoption to be held April 4th in San Francisco was discussed. It will take place in the wigwam of Modoc Tribe, and the class will consist of candidates from the various tribes of the bay cities, each of whom will endeavor to send at least ten palefaces for tribal adoption. Governor Hiram Johnson and several Appellate and Superior judges will be in the class, and it will be the greatest fraternal initiation ever held in California. In connection with this adoption, a "boosting committee" has been formed in Metamora Tribe with Ted Thompson as chairman and they promise to send twenty-five candidates.

Club Will Give May Carnival.

The Redwood City Woman's Club has concluded not to give the entertainment and dance as heretofore announced to take place April 18, but instead to lend all its energies toward making a big success of a May day carnival to take place May 24, which will be the children's floral parade. Other interesting features will be announced from time to time. There is no reason why the merchants and people of this vicinity can not get behind this time making the May day children's floral parade something for the whole peninsula to look forward to, as Pasadena now does to its rose carnival.

STANFORD STUDENTS WILL LECTURE ON GOOD MORALS

Over a year ago some men from Stanford University came here and held a number of get-together meetings with the boys and young men of the neighborhood. They are planning to repeat the performance next Saturday and Sunday. The program called for an illustrated lecture, entitled "Man Eaters," Saturday night, supplemented by several musical numbers and a monologue. Sunday afternoon at 2:30 in the high school building there will be a meeting for the young men of the community. Sunday night there will be a union meeting of all the churches at the Congregational church where it is hoped all the boys and young men of the town will be present to hear the men from Stanford. All parents and others interested are requested to have the boys attend this meeting and come under the influence of men who stand for clean speech, clean sports and clean living.

ASSESSOR'S INSTRUCTIONS

To Owners of Real Estate and Personal Property.

The law requires each and every person who owns any class of property to annually, during the months of March, April or May, file a statement with the Assessor or his deputy in the county where his property is located. You should give a statement of all property owned by you on the first Monday in March at 12 o'clock p. m.

No change can be made by the Assessor after he turns over his books to the Board of Supervisors on the first Monday in July. The Board then sits as a Board of Equalization during the month of July.

Remember to give in your assessment you fail to comply with the law and may cause yourself, the Assessor and tax collector much trouble and very likely cause yourself expense.

It is much more satisfactory to the Assessor, as well as to yourself, to have your assessment correct when you go to pay your taxes.
